August 12, 2017

**TWO CLUBS NEEDED TO COMPLETE LCIF
“SIGHT FOR KIDS” GRANT APPLICATION FOR
THREE “SPOT” VISION SCREENING MACHINES
BY DISTRICT 4-C4**

To All Clubs in District 4-C4

The Menlo Park Live Oak Lions Club has committed \$3,500 to a District 4-C4 application process to LCIF “Sight for Kids” Grant. The minimum Grant application is \$10,000 to LCIF. We need two more Clubs to join us with \$3,500 each and we can then apply for a Grant for three “SPOT Vision Screening machines to expand the growing demand in our District for this sight saving program. Now that the District Program under Denise Kelly, District Chair has been well received by local schools and other vision screening opportunities we need more capacity to meet demand.

Our Club sees this as an opportunity to expand the District vision screening program and have three more “SPOT” machines added to expand our District coverage. The three Clubs that each put up \$3,500 if the LCIF Grant is approved it will bring LCIF dollar match to our local dollars and we will receive a \$10,500 match our Club’s investment.

If your Club can join us we need to hear from you by the middle of September so we can get the District LCIF Grant application completed and signed by DG Governor Mario. Please contact me if your Club can help.

**Sincerely,
Jim Bigelow, Club Secretary 775-870-9985 or jimbigelow@yahoo.com**
